In the Office of the

Corporations Section

I, the undersigned natural person over the age of eighteen years, acting as the organizer of a corporation under the Texas Business Organizations Code do hereby adopt the following Certificate of Formation for such corporation:

**ARTICLE 1. HOMEOWNERS ASSOCIATION.** The corporation shall be, mean and constitute a mandatory "property owners association" organized pursuant to Texas Property Code 202.001 (2), which is defined as the "Association" in the Declaration of Covenants, Conditions and Restrictions, to be recorded in the Aransas County Deed and Plat Records ("Declaration"), as amended from time to time, with respect to certain real property located in Aransas County, Texas known as ROYAL OAKS SUBDIVISION, a planned unit development.

**ARTICLE 2. NAME.** The name of the Association is ROYAL OAKS AT FULTON BEACH HOMEOWNERS ASSOCIATION.

**ARTICLE 3. NON-PROFIT.** This Certificate of Formation is being filed to create non-profit corporate status for the Association pursuant to the Texas Business Organizations Code.

**ARTICLE 4. DURATION.** The duration of the Association shall be perpetual.

**ARTICLE 5. GOVERNING DOCUMENTS.** As used herein, the Governing Documents of the Association shall mean this Certificate of Formation, the Declaration, the Bylaws of the Association, all rules, regulations, policies, guidelines, and all other documents that govern the Association, as each may be amended from time to time.

**ARTICLE 6. PURPOSES.** The general purposes for which the Association is formed are to exercise the rights and powers and to perform the duties and obligations of the Association, in accordance with the Governing Documents and State Law.

**ARTICLE 7. POWERS.** In furtherance of its purposes, the Association shall have the following powers which, unless indicated otherwise by the Governing Documents or State Law, may be exercised by the Board of Directors.

1. All rights and powers conferred upon non-profit entities by State Law in effect from time to time;
2. All rights and powers conferred upon property owners associations by State Law, including Texas Property Code Title 11, in effect from time to time; and

3. All powers necessary, appropriate or advisable to perform any purpose or duty of the Association as set out in the Governing Documents or State Law.

ARTICLE 8. MEMBERSHIP. The Association shall be a non-stock membership organization. The Declaration and Bylaws shall determine the number and qualifications of the members of the Association; the voting rights and other privileges of membership; and the obligations and liabilities of members. Cumulative voting is not allowed.

ARTICLE 9. MANAGEMENT BY BOARD. The management and affairs of the Association shall be vested in the Board of Directors, except for those matters expressly reserved to others in the Governing Documents. The Bylaws shall determine the number and qualification of directors; the term of office of directors, the method of electing, removing and replacing directors, and the methods of holding a board meeting and obtaining consents.

#### ARTICLE 10. LIMITATIONS OF LIABILITY.

a. Except as provided in Paragraph d below, a director of the Association is not liable to the Association or its members for monetary damages for acts or omissions that occur in the person's capacity as a director except to the extent a person is found liable for (i) a breach of the director's duty of loyalty to the Association or its members; (ii) an act or omission not in good faith that constitutes a breach of duty of the director to the Association; (iii) an act or omission that involves intentional misconduct or knowing violation of law; (iv) a transaction from which the director receives an improper benefit, whether or not the benefit resulted from the action taken within the scope of the person's office; or (v) an act or omission for which the liability of a director is expressly provided by applicable statute.

b. An officer is not liable to the Association or any other person for an action taken or omission made by the officer in the person's capacity as an officer unless the officer's conduct was not exercised: (i) in good faith; (ii) with ordinary care; and (ii) in a manner the officer reasonably believes to be in the best interest of the Association.

c. The liability of officers, directors and other volunteers of the Association may also be limited by the Charitable Immunity and Liability Act of 1987, Chapter 84, Texas Civil Practice and Remedies Code, as amended.

d. The limitation on the liability of an officer, director or volunteer does not eliminate or modify that person's liability as a member of the Association. It is intended that the liability of any member arising out of any contract made by the Association, or out of the indemnification of any officer, director or volunteer, or for damages as a result of injuries arising in connection with the common elements, or for liabilities incurred by the Association, shall be limited to the same proportion in which he is liable for common expenses as a member of the Association.

ARTICLE 11. INDEMNIFICATION. Subject to the limitations and requirements of Chapter 8 of the Business Organizations Code, the Association shall indemnify a person who was, or is threatened to be made a named defendant or respondent in a proceeding because the person is or was an officer, director, committee chair or committee member of the Association. Additionally, the Association may indemnify a person who is or was an employee, trustee, agent or attorney of the Association, against any liability asserted against him and incurred by him in such a capacity and arising out of his status as such a person.

ARTICLE 12. AMENDMENT OF THE CERTIFICATE OF FORMATION. This Certificate of Formation may be amended or restated in accordance with the Business Organizations Code, subject to the following:

1. An amendment shall not conflict with the Declaration or applicable State Law, including Title 11 of the Texas Property Code, in effect from time to time.
2. An amendment shall not impair or dilute a right granted to a person by the Declaration, without that person's written consent.
3. Any amendment must be in accordance with the applicable provisions of the Business Organizations Code.
4. Without member approval, the Board of Directors may adopt amendments permitted by Section 22.107 of the Business Organizations Code.

ARTICLE 13. WINDING UP. The Association may be wound up only as provided in the Declaration, Bylaws and State Law.

b. that a director, officer, member, or resident may, from time to time, be reimbursed for his actual and reasonable expenses incurred on behalf of the Association in connection with the administration of the affairs of the Association, provided such expense has been approved by the board.

1.6. APPLICABLE LAW AND CHANGE IN STATUS. The Association is organized under and governed by the TBOC. So long as the Association is incorporated, it will be subject to Chapter 22 of Title 2 of the Code (the Texas Nonprofit Law). During any period in which the Association is not incorporated or loses its corporate status, it will be subject to Chapter 252 of Title 6 of the Code (the Texas Uniform Unincorporated Nonprofit Association Act) and these Bylaws shall continue to be effective as a Governing Document of the Association.

## ARTICLE 2

### BOARD OF DIRECTORS

2.1. NUMBER AND TERM OF OFFICE. The initial board shall consist of three persons. The number of directors may be changed by amendment of these Bylaws, but shall not be less than three (3). Subject to Section 2.2, upon election, each director shall serve a term of two (2) years. A director takes office upon the adjournment of the meeting or balloting at which he is elected or appointed and, absent death, ineligibility, resignation, or removal, will hold office until his successor is elected or appointed. Except as otherwise required by law or specifically provided herein, the directors will continue to be appointed by the declarant during the declarant control period.

2.2. STAGGERED TERMS. Not more than two candidates shall be elected to 2-year terms at each annual meeting of members. To establish staggered terms, at the first annual meeting of the members the candidates receiving the highest number of votes shall be elected to a 2-year term and the candidate(s) receiving the lowest number of votes shall be elected to a 1-year term. This process shall be repeated at the subsequent annual meeting(s) of members until each director has been elected to a 2-year term. Should the board ever be elected en masse thereafter, the same process will be used to re-establish staggered terms.

2.3 QUALIFICATION. No person shall be eligible for election or appointment to the board unless such person is a member.

2.3.1. Entity Member. If a lot is owned by a legal entity, such as a partnership or corporation, any officer, partner, or employee of that entity shall be eligible to serve as a director and shall be deemed to be a member for the purposes of this section. If the relationship between the entity member and the director representing it terminates, that directorship shall be deemed vacant.

2.3.2. Co-Owners. Co-owners of a single lot who cohabit at the same primary residence with another board member may not serve on the board at the same time. Co-owners of more than one lot who do not cohabit at the same primary residence with another board member may serve on the board at the same time, provided the number of co-owners serving at one time does not exceed the number of lots they co-own.

2.3.3. Director Eligibility. No member may be elected or appointed as a director if the board is presented with written, documented evidence from a database or other record maintained by a governmental law enforcement authority that such member has been convicted of a felony or crime involving moral turpitude not more than 20 years before the date the board is presented with the evidence, and, if any such member is a serving director, then such director is deemed immediately ineligible to serve on the board and is automatically considered removed from the board and prohibited from future service on the board. Otherwise, except as provided by this section, a provision in a dedicatory instrument that restricts a property owner's right to run for a position on the board of the Association is void.

2.3.4. Declarant Control Limitations. The Declaration may provide for a period of declarant control of the Association during which a declarant, or persons designated by the declarant, may appoint and remove board members and officers of the Association, other than board members or officers elected by members of the Association. Regardless of the declarant control period provided by the Declaration, on or before the 90<sup>th</sup> day after the date 75% of the lots that may be created and made subject to the Declaration are conveyed to owners other than a declarant, at least one-third (1/3) of the board members must be elected by owners other than the declarant. If the Declaration does not include the number of lots that may be created and made subject to the Declaration, at least one-third (1/3) of the board members must be elected by owners other than the declarant not later than the 10<sup>th</sup> anniversary of the date the Declaration was recorded.

2.4. ELECTION. Subject to Section 2.3.4, Directors shall be elected by the members. The election of directors shall be conducted at the annual meeting of the Association, at any special meeting called for that purpose, or by mail, facsimile transmission, or a combination of mail and facsimile transmission.

2.5. VACANCIES. Vacancies on the board caused by any reason, except the removal of a director by a vote of the Association, shall be filled by a vote of the majority of the remaining directors, even though less than a quorum, at any meeting of the board. Each director so elected shall serve out the remaining term of his predecessor.

2.6. REMOVAL OF DIRECTORS.

2.6.1 Removal by Members. At any annual meeting or special meeting of the Association, any one or more of the directors may be removed with or without cause by members representing at least two-thirds (2/3) of the votes present in person or by proxy at such meeting, and a successor shall then and there be elected to fill the vacancy thus created. Any director whose removal has been proposed by the members shall be given an opportunity to be heard at the meeting.

2.6.2 Removal by Directors. A director may be removed by a vote of at least a majority of the other directors at a meeting called for that purpose for the following reasons:

- a. The director is in violation of any provision of the governing documents, provided the member has been given notice of the violation and a reasonable opportunity to cure it. Such notice and opportunity to cure shall comply with the governing documents and any applicable law.
- b. The director is an adverse party to the Association, the board or any committee of the Association in any pending litigation other than any suit filed by the Association solely to effect removal of the director.

2.7 MEETINGS OF THE BOARD.

2.7.1. Open Meetings of the Board and Member Notices. Regular and special board meetings must be open to members, subject to the right of the board to adjourn a board meeting and reconvene in closed executive session to consider actions involving personnel, pending or threatened litigation, contract negotiations, enforcement actions, confidential communications with the Association's attorney, matters involving the invasion of privacy of individual members, or matters that are to remain confidential by request of the affected parties and agreement of the board. Following an executive session, any decision made in the executive session must be summarized orally and placed in the minutes, in general terms, without breaching the privacy of individual members, violating any privilege, or disclosing information that was to remain confidential at the request of the affected parties. The oral summary must include a general explanation of expenditures approved in executive session. This section applies to a meeting of the Association board during the declarant control period only if: (i) the meeting is conducted for the purpose of adopting or amending the dedicatory instruments of the Association; (ii) increasing the amount of regular Assessments of the Association or adopting or increasing a special Assessment; (iii) electing non-developer board members of the Association or establishing a process by which those members are elected; or (iv) changing the voting rights of members of the Association. Members shall be given notice of the date, hour, place, and general subject of a regular or special board meeting, including a general description of any matter to be brought up for deliberation in executive session. The notice shall be: (i) mailed to each member not later than the tenth (10th) day or earlier than the sixtieth (60th) day before the date of the meeting; or (ii) provided at least one hundred forty-four (144) hours before the start of a regular board meeting and at least seventy-two (72) hours before the start of a special board meeting by posting the notice in a conspicuous manner reasonably designed to provide notice to members in a place located in the Common Properties, or, with the property owner's consent, on other conspicuously located privately owned property within the Subdivision, or on any Internet website available to Members that is maintained by the Association or by a management company on behalf of the Association, and sending the notice by e-mail to each owner who has registered an email address with the Association. It is an Owner's duty to keep an updated email address registered with the Association.

2.7.2. Regular Meeting of the Board. Regular meetings of the board may be held at such time and place as shall be determined, from time to time, by the board, but at least one such meeting shall be held annually. Notice of regular meetings of the board shall be given to each director, personally or by telephone or written communication (including facsimile or electronic message) or any combination of such methods, at least six (6) days prior to the date of such meeting; notice given to a director as a member of the Association is sufficient notice for purposes hereof, and attendance by a director at a meeting constitutes a waiver of notice unless the director attends a meeting for the express purpose of objecting to the transaction of any business on the ground that the meeting is not lawfully called or convened.

2.7.3. Special Meetings of the Board. Special meetings of the board may be called by the president or, if he is absent or refuses to act, the secretary, or by any two (2) directors. At least three (3) days notice shall be given to each director, personally or by telephone or written communication (including facsimile or electronic message) or any combination of such methods, which notice shall state the place, time, and purpose of such meeting.

2.7.4. Conduct of Meetings. The president shall preside over all meetings of the board, and the secretary shall keep, or cause to be kept, a record of all resolutions adopted by the board and a record of all transactions and proceedings occurring at such meetings. When not in conflict with law or the governing documents, the then current edition of Robert's Rules of Order shall govern the conduct of the meetings of the board.

2.7.5. Quorum. At all meetings of the board, a majority of directors shall constitute a quorum for the transaction of business, and the acts of the majority of the directors present at a meeting at which a quorum is present shall be the acts of the board. If less than a quorum is present at any meeting of the board, the majority of those present may adjourn the meeting from time to time. At any such reconvened meeting at which a quorum is present, any business which might have been transacted at the meeting as originally called may be transacted without further notice.

2.7.6. Open Meetings, Rules and Limitations. For purposes hereof, "board meeting" means a deliberation between a quorum of the voting board of the Association, or between a quorum of the voting board and another person, during which Association business is considered and the board takes formal action. Such a board meeting does not include the gathering of a quorum of the board at a social function unrelated to the business of the Association or the attendance by a quorum of the board at a regional, state or national convention, ceremonial event, or press conference, if formal action is not taken and any discussion of Association business is incidental to the social function, convention, ceremonial event or press conference. Regular and special meetings of the board shall be open to members of the Association, as discussed in Section 2.7.1, subject to the following provisions to the extent permitted by applicable law:

- a. Members who are not directors may not participate in any deliberations or discussions unless the board expressly so authorizes at the meeting.
- b. No audio or video recording of the meeting may be made except by the board or with the board's prior express consent.
- c. The board may prohibit attendance by any member or other party who disrupts the meeting or has disrupted prior meetings or interferes with the conduct of board business.
- d. Executive sessions are not open to members or other parties.

2.7.7. Proxy. A director may vote in person or by proxy executed in writing by the director. A proxy expires three (3) months after the date the proxy is executed.

2.7.8. Place of Meetings. Except for a meeting held by electronic or telephonic means, a board meeting must be held in a county in which all or part of the property in the subdivision is located or in a county adjacent to that county.

2.7.9. Method of Meetings. The board may meet by any method of communication, including electronic and telephonic, without prior notice to owners, if each director may hear and be heard by every other director, or the board may take action by unanimous written consent to consider routine and administrative matters or a reasonably unforeseen emergency or urgent necessity that requires

immediate board action. A remote electronic communications system, including videoconferencing technology or the Internet, may be used only if each person entitled to participate in the meeting consents to the meeting being held by means of that system, and the system provides access to the meeting in a manner or using a method by which each person participating in the meeting can communicate concurrently with each other participant. Any action taken without notice to owners must be summarized orally, including an explanation of any known actual or estimated expenditures approved at the meeting, and documented in the minutes of the next regular or special board meeting. Notwithstanding, the board may not, without prior notice to owners, consider or vote on (i) fines, (ii) damage assessments, (iii) initiation of foreclosure actions, (iv) initiation of enforcement actions, excluding temporary restraining orders or violations involving a threat to health or safety, (v) increases in regular Assessments or levying of special Assessments, (vi) appeals from a denial of architectural control approval, or a suspension of a right of a particular owner, before the owner has an opportunity to attend a board meeting to present the owner's position, including any defense, on the issue, (vii) lending or borrowing money, (viii) the adoption or amendment of a dedicatory instrument, (ix) the approval of an annual budget or the approval of an amendment of an annual budget, (x) the sale or purchase of real property, (xi) the filling of a vacancy of the board, (xii) the construction of capital improvements other than the repair, replacement, or enhancement of existing capital improvements, or (xiii) the election of an officer.

2.7.10 Recess. If the board recesses a regular or special board meeting to continue the following regular business day, the board is not required to post notice of the continued meeting if the recess is taken in good faith and not to circumvent the requisites of this Article. If a regular or special board meeting is continued to the following regular business day, and on that following day the board continues the meeting to another day, the board shall give notice of the continuation in at least one manner prescribed by the TPC and these Bylaws within two (2) hours after adjourning the meeting being continued.

2.7.11. Action Without a Meeting. Any action permitted to be taken by the board at a meeting may be taken without a meeting, as follows:

- a. If all of the directors individually or collectively consent in writing to such action, the written consent shall have the same force and effect as a unanimous vote.
- b. If at least a majority of the directors individually or collectively consent in writing to such action, the written consent shall have the same force and effect as approval by a majority of the directors at a meeting. Prompt notice of the action so approved must be delivered to each non-consenting director.
- c. Written consents must state the date of each director's signature, must be received by the Association within 60 days after the earliest signature date, and must be filed with the minutes of board meetings.

2.7.12. Minutes. The written report of any board meeting does not constitute the minutes of the meeting until approved by the board at a subsequent meeting. The minutes must report the actions taken by the board but need not report or recite the substance of discussion.

2.7.13 Board Meetings During Development Period. "Development Period" means a period stated in the Declaration during which the declarant reserves: (a) a right to facilitate the development, construction, and marketing of the subdivision; and (b) a right to direct the size, shape and composition of the subdivision. For purposes of these Bylaws, the development period constitutes the declarant control period. The Open Board Meeting Rules do not apply to board meetings during the development period, except for meetings that are conducted for the purposes of: (a) adopting or amending the dedicatory instruments, including the Declaration, Bylaws, rules and/or regulations of

4.1. ANNUAL MEETING. An annual meeting of the Association shall be held during the second calendar quarter of each year, or at any other time as determined by the Board. At annual meetings, the members shall elect directors in accordance with these Bylaws. The members may also transact such other business of the Association as may properly come before them. If the board does not call an annual meeting of the Association members, an owner may demand that a meeting of the Association members be called not later than the 30<sup>th</sup> day after the date of the owner's demand, and proceed according to TPC '209.014 to obtain such a meeting.

4.2. SPECIAL MEETINGS. It shall be the duty of the president to call a special meeting of the Association if directed to do so by a majority of the board or by a petition signed by members representing at least 50% of the votes in the Association. Such meeting shall be held within 30 days after the board resolution or receipt of petition. The notice of any special meeting shall state the time, place, and purpose of such meeting. No business, except the purpose stated in the notice of the meeting, shall be transacted at a special meeting.

4.3. PLACE OF MEETINGS. Meetings of the Association shall be held at the property or at a suitable place convenient to the members, as determined by the board. For purposes of holding a meeting of the members, or a committee of the members, an authorized alternate communications

system for meetings allows such meetings to be held via a conference telephone or similar communications equipment, or another suitable electronic communications system, including video-conferencing technology or the Internet, or any combination, if the telephone or other equipment or system permits each person participating in the meeting to communicate with all others participating in the meeting. However, if voting is to take place at the meeting, the Association must implement reasonable measures to verify that every person voting at the meeting by means of remote communications is sufficiently identified, and keep a record of any vote or other action taken.

#### 4.4 NOTICE OF MEETINGS.

4.4.1. General Requirements. At the direction of the board, written notice of meetings of the Association shall be given to a member entitled to vote at least 10 days but no more than 60 days prior to such meeting. Notices shall identify the type of meeting as annual or special, and shall state the particular purpose of a special meeting. Notices may also set forth any other items of information deemed appropriate by the board. Notice of a meeting of the members must: (a) be delivered personally, by mail, by facsimile, or by electronic message, (b) state the date and time of the meeting, and (c) if the meeting is not held solely by using an authorized alternate communications system for meetings, the location of the meeting, or if the meeting is held solely or in part by using an authorized alternate communications system for meetings, the form of communications system to use for the meeting and the means of accessing the communications system. In the case of a special meeting of the members, the notice must include the purpose for which such special meeting has been called. Notice of a meeting that is (a) mailed is considered to be given on the date notice is deposited in the U.S. mail with postage paid in an envelope addressed to the person at the person's address as it appears on the ownership or membership records of the Association, and (b) transmitted by facsimile or electronic message is considered to be given when the facsimile or electronic message is transmitted to a facsimile number or an electronic message address provided by the person or to which the person consents for the purpose of receiving notice.

4.5. ELIGIBILITY: Every owner of a lot is a member of the Association, and each member is entitled to receive notice of Association meetings, to attend Association meetings, to be counted towards a quorum, to vote, and to stand for election to the board. An owner of each lot as of the record date, as determined under Section 4.6, is eligible to receive notices of meetings of the Association.

4.6. RECORD DATES. Because the ownership of lots may change during a year, the ownership as of the record date is used to produce the membership list for use in connection with the meeting.

4.6.1. Determining Voting Eligibility. The board shall fix a date as the record date for determining the members entitled to vote at a meeting of the Association. The record date may not be more than 60 days before the date of a meeting of the Association at which members will vote.

4.6.2. Determining Rights Eligibility. The board may fix a date as the record date for determining the members entitled to exercise any rights other than those described in the preceding two paragraphs. The record date may not be more than 60 days before the date of the action for which eligibility is required, such as nomination to the board.

4.6.3. Adjournments. A determination of members entitled to notice of or to vote at a meeting of the Association is effective for any adjournment of the meeting unless the board fixes a new date for determining the right to notice or the right to vote. The board must fix a new date for determining the right to notice or the right to vote if the meeting is adjourned to a date more than 90 days after the record date for determining members entitled to notice of the original meeting.

4.7. VOTING MEMBERS LIST. Pursuant to Section 22.158 of the Texas Nonprofit Corporation Act, the board shall prepare and make available an alphabetical list of the names of all its voting members (the "Voting Member List"). The Voting Member List shall include the address of each voting member and the number of votes each voting member is entitled to cast at the meeting. Not later than the second business day after the date notice is given of a meeting for which a Voting Member List was prepared, and continuing through the meeting, the Voting Member List shall be available for inspection by members entitled to vote at the meeting for the purpose of communication with other members concerning the meeting. The Association shall make the Voting Member List available at the meeting. A voting member or voting member's agent or attorney is entitled to inspect the Voting Member List at any time during the meeting or an adjournment of the meeting.

4.8. QUORUM; LACK OF QUORUM.

4.8.1. Quorum. At any meeting of the Association, the presence in person or by proxy of members entitled to cast at least 10% of the votes that may be cast for election of the board shall constitute a quorum. Members present at a meeting at which a quorum is present may continue to transact business until adjournment, notwithstanding the withdrawal, during the course of the meeting, of members constituting a quorum.

4.8.2. Lack of Quorum. If a quorum is not present at any meeting of the Association for which proper notice was given, members representing at least a majority of the votes present at the meeting, although not constituting a quorum, may vote to recess the meeting for not more than 24 hours in order to attain a quorum, provided the place of the meeting remains as stated in the notice. If the meeting is adjourned without attainment of a quorum, notice of a new meeting for the same purposes within 15 to 30 days may be given to an owner of each lot, at which re-called meeting the quorum requirement is lowered to half the number of lots required for the first call of the meeting.

4.9. VOTES. The vote of members representing at least a majority of the votes cast at any meeting at which a quorum is present shall be binding upon all members for all purposes, except when a higher percentage is required by these Bylaws. There shall be no cumulative voting. The members' voting rights are as follows: The Association shall have two (2) classes of voting memberships:

(A) Class A. Class A members shall be all owners, with the exception of the declarant, who shall be entitled to one (1) vote for each one thousand (1,000) square feet of land contained within a lot, rounded to the nearest 1,000 feet (the "Voting Formula"). When more than one (1) person holds an interest in any lot, all such persons shall be members, but the vote for such lot shall be exercised as they among themselves determine and as provided in Section 4.9.1 of these Bylaws; provided, however, in no event shall more than the number of votes calculated pursuant to the Voting Formula be cast with respect to any lot.

(B) Class B. The Class B member(s) shall be the declarant, and its successors and assigns, who shall be entitled to twenty (20) votes (i) for each one thousand (1,000) square feet of land contained within a lot, rounded to the nearest 1,000 feet, for each lot owned by it, and (ii) for each five (5) acres of the property not then subject to a recorded plat ("Future Lot"); provided that the Class B membership shall cease and be converted to Class A membership (subject to reversion back to Class B membership upon the annexation of additional land) on the happening of either of the following events, whichever occurs earlier:

1. the complete development of the property and sale of all developed lots; or
2. on or before the 120th day after the date seventy-five percent (75%) of the lots that may be made subject to the Declaration are conveyed to Class "A" members.

From and after the occurrence of one of the above events, the Class B member shall be deemed to be a Class A member entitled to vote according to the Voting Formula for each lot and for each Future Lot then owned by such Class B member. The Class B membership shall be immediately reinstated upon annexation of any additional land.

4.9.1. Co-Owned Lots. If a lot is owned by more than one member, the vote for that lot shall be cast as follows: (i) if only one of the multiple owners of a lot is present at a meeting of the Association, that person may cast the vote or votes allocated to that lot; or (ii) if more than one of the multiple owners is present, the vote or votes allocated to that lot may be cast only in accordance with the owners' unanimous agreement. Multiple owners are in unanimous agreement if one of the multiple owners casts the votes allocated to a lot and none of the other owners makes prompt protest to the person presiding over the meeting.

4.9.2. Entity-Owner Lots. If a lot is owned by an entity, such as a corporation, limited liability company, partnership or other business entity, the vote for that lot may be cast by an officer, manager, managing member, partner or other person designated in the governing documents of the entity in the absence of the entity's written appointment of a specific person to exercise its vote. The person presiding over a meeting or vote may require reasonable evidence that a person voting on behalf of a corporation or partnership or other entity is qualified to vote.

4.9.3. Association-Owned Lots. Votes allocated to a lot owned by the Association may be counted towards a quorum only, and may not be voted.

4.10. PARTICIPATION. Members may participate in person or by proxy at meetings of the Association. A member who participates is deemed "present" and may be counted towards a quorum unless the member participates for the express purpose of objecting to the transaction of any business on the ground that the meeting is not lawfully called or convened. Additionally, the voting rights of an owner may be cast or given (a) by absentee ballot in accordance with this Section, (b) by electronic ballot in accordance with this Section or (c) by any other method of representative or delegated voting provided by a dedicatory instrument.

4.10.1 Proxies. Votes may be cast in person or by written proxy. To be valid, each proxy shall (i) be signed and dated by a member or his attorney-in-fact; (ii) identify the lot to which the vote is appurtenant; (iii) identify the person or position (such as the president of the board) in favor of whom the proxy is granted, such person having agreed to exercise the proxy; (iv) identify the purpose or meeting for which the proxy is given; (v) not purport to be revocable without notice; and (vi) be delivered to the secretary or to the person presiding over the Association meeting for which the proxy is designated, or to a person or company designated by the board. Unless the proxy specifies a shorter or longer time, it terminates 11 months after the date of its execution. Perpetual or self-renewing proxies are permitted, provided they are revocable. To revoke a proxy, the granting member must give actual notice of revocation to the person presiding over the Association meeting for which the proxy is designated. Unless revoked, any proxy designated for a meeting which is adjourned, recessed, or re-scheduled shall be valid when such meeting reconvenes.

4.10.2 Solicitation for Absentee Ballots. A solicitation for votes by absentee ballot must include: (a) an absentee ballot that contains each proposed action and provides an opportunity to vote for or against each proposed action; (b) instructions for delivery of the completed absentee ballot including the delivery locations; and (c) the following language: "By casting your vote via absentee ballot you will forego the opportunity to consider and vote on the any action from the floor on these proposals if a meeting is held. This means that, if there are amendments to these proposals, your vote will not be counted on the final vote on these measures. If you desire to retain this ability, please attend any meeting in person. You may submit an absentee ballot and later choose to attend any meeting in person, in which event any in-person vote will prevail."

4.10.3 Electronic Ballot. For purposes of this section, "electronic ballot" means a ballot (a) given by email, facsimile, or posting on an Internet website; (b) for which the identity of the property owner submitting the ballot can be confirmed; and (c) for which the property owner may receive a receipt of the electronic transmission in receipt of the owner's ballot. If an electronic ballot is posted on an Internet website, a notice of the posting shall be sent to each owner that contains instructions on obtaining access to the posting on the website.

4.10.4 Counting Absentee and Electronic Ballots. An absentee or electronic ballot: (a) may be counted as an owner present and voting for the purpose of establishing a quorum only for items appearing on the ballot; (b) may not be counted, even if properly delivered, if the owner attends any meeting to vote in person, so that any vote cast at a meeting by a property owner supersedes any votes submitted by absentee or electronic ballot previously submitted for that proposal; and (c) may not be counted on the final vote of a proposal if the motion was amended at the meeting to be different from the exact language on the absentee or electronic ballot.

4.10.5 Tabulation and Access to Ballots. A person who is a candidate in the Association's board election, or who is otherwise the subject of an Association vote, or a person related to that person within the third degree of consanguinity or affinity, as determined under Chapter 573 of the Texas Government Code, may not tabulate or otherwise be given access to the ballots cast in that election or vote except as provided by this Section. A person other than a person described above may tabulate votes in an Association election or vote, but may not disclose to any other person how an individual voted. Notwithstanding any other provision of these Bylaws or any other law, a person other than a person who tabulates votes may be given access to the ballots cast in the election or vote only as part of a recount process authorized by law.

4.10.6 Recount of Votes. Any owner may, not later than the fifteenth (15th) day after the date of the meeting at which the election was held, require a recount of the votes. A demand for a recount must be submitted in person, or in writing by certified mail, return receipt requested, or by delivery by the United States Postal Service with signature confirmation, to the Association's mailing address as reflected on the latest Management Certificate, or to the address to which absentee and proxy ballots are mailed. The Association shall, at the expense of the owner requesting the recount, retain for the purpose of performing the recount, the services of a person qualified to tabulate votes under this Section. The Association shall enter into a contract for the services of a person who is not a member of the Association or related to a member of the Association board within the third degree of consanguinity or affinity, as determined under Chapter 573 of the Texas Government Code, who is a current or former county judge, county elections administrator, justice of the peace, county voter registrar, or a person agreed on by the Association and the persons requesting the recount. Any recount under this Section must be performed on or before the 30th day after the date of receipt of a request. If the recount changes the results of the election, the Association shall reimburse the requesting Owner for the cost of the recount. The Association shall provide the results of the recount to each owner who requested the recount. Any action taken by the board in the period between the initial election vote tally and the completion of the recount is not affected by any recount.

4.11 CONDUCT OF MEETINGS. The president, or any person designated by the board, shall preside over meetings of the Association. The secretary shall keep, or cause to be kept, the minutes, which shall record all resolutions adopted and all transactions occurring at the meeting, as well as a record of any votes taken at the meeting.

4.12. ORDER OF BUSINESS. Unless the notice of meeting states otherwise, the order of business at meetings of the Association shall be as follows:

- Determine votes present by roll call or check-in procedure

- Announcement of quorum
- Proof of notice of meeting
- Reading and approval of minutes of preceding meeting
- Reports
- Election of directors (when required)

4.13. ADJOURNMENT OF MEETING. At any meeting of the Association, a majority of the members present at that meeting, either in person or by proxy, may adjourn the meeting to another time and place.

4.14. ACTION WITHOUT MEETING. Subject to board approval, any action which may be taken by a vote of the members at a meeting of the Association may also be taken without a meeting by written consents. The board may permit members to vote by ballots delivered by any method allowed by applicable law, which may include hand delivery, mail, fax, email, electronic balloting or any combination of these. Written consents by members representing at least a majority of votes in the Association, or such higher percentage as may be required by the governing documents for the subject action, constitutes approval by written. This Section may not be used to avoid the requirement of an annual meeting. This Section shall not apply to the election of directors unless expressly permitted in Article 2 of these Bylaws.

4.15. MEETINGS BY REMOTE COMMUNICATIONS. Members of the Association may participate in and hold meetings of the Association by means of electronic town halls, conference telephone or similar communications equipment by means of which all persons participating in the meeting can communicate concurrently. Participation in the meeting constitutes presence in person at the meeting, except where a person participates in the meeting for the express purpose of objecting to the transaction of any business on the ground that the meeting is not lawfully called or convened. By acquiring an interest in a lot, each owner automatically consents to the use of communication technology to effect meetings of the Association, provided the owners of at least 85% of the lots in the Property have access to the form of technology chosen by the board, and further provided that the Association arranges a place or method of participation for those who do not have the technology.

- e. Report any delinquency of an owner to a credit reporting service.

6.2. NOTICE. The required written notice must contain (1) the date the violation notice is prepared or mailed; (2) a statement that the owner is entitled to a reasonable period to cure the violation and avoid a fine or suspension if the violation is of a curable nature and does not pose a threat to public health or safety; (3) a statement that not later than the 30th day after the date the owner receives the notice, the owner may request a hearing to discuss and verify facts and resolve the matter in issue, pursuant to this Article and applicable law, such as Section 209.007 Texas Property Code; (4) a statement of how or where the request for hearing should be made or delivered; (5) a statement that if the hearing is before a committee or any body other than the board, the owner has the right to appeal the decision to the board by written notice to the board; (6) a statement that the owner may be liable for reimbursement of attorneys fees and costs if the violation continues or the damage is not paid by a stated date; (7) a statement that the owner may have special rights or relief related to the enforcement action under federal law, including the Servicemembers Civil Relief Act, if the owner is serving on active military duty; and (8) the following contents applicable to violations or damage claims, as the case may be:

6.2.1. Notice of Violation. In the case of a violation of a provision of the Governing Documents, the written notice must also contain the following: (1) a description of the violation; (2) a reference to the rule or provision of the Governing Documents that is being violated, if applicable; (3) a description of the action required to cure the violation; (4) the amount of the fine or charge to be levied and/or the nature of the common areas suspension, and/or the abatement action to be taken; (5) unless the owner was given notice and a reasonable opportunity to cure a similar violation within

the preceding 6 months, a statement that the owner may avoid the fine or suspension by curing the violation in a reasonable period of time, which may be specified in the notice.

6.2.2. Notice of Damage. In the case of property damage for which the Association seeks reimbursement or imposition of a charge on the owner or the lot, the written notice must also contain (1) a description of the property damage and (2) the amount of the Association's claim against the owner of the lot.

6.2.3. Notice to Resident. In addition to giving the violation notice to the owner, the board may also give a copy of the notice to the non-owner resident, if the board deems it appropriate.

6.2.4. Receipt of Notice. Unless applicable law provides otherwise, any notice given to an owner pursuant to this Article will be deemed received by the owner (1) on personal delivery to the owner or to a person at the owner's address, or (2) on the third business day after the notice is deposited with the U.S. Postal Service, addressed to the owner at the most recent address shown on the Association's records, whether or not the owner actually receives the notice.

### 6.3 HEARING.

6.3.1. Request for Hearing. To request a hearing, an owner must submit a written request within 30 days after receiving the Association's written notice. The Association shall hold the hearing not later than the 30th day after the date the board receives the owner's request for a hearing. Within 10 days after receiving the owner's request for a hearing, and at least 10 days before the hearing date, the Association will give the owner notice of the date, time, and place of the hearing. If the Association or the owner requests a postponement of the hearing, the hearing will be postponed for up to 10 days. Additional postponements may be granted by agreement of the parties.

6.3.2. Pending Hearing. Not later than 10 days before the association holds a hearing under this section, the association shall provide to an owner a packet containing all documents, photographs, and communications relating to the matter the association intends to introduce at the hearing. If the Association does not provide a packet within the timeframe described in this Section 6.3.2, an owner is entitled to an automatic 15-day postponement of the hearing. Pending the hearing, the board may continue to exercise the Association's other rights and remedies for the violation, as if the declared violation were valid. The owner's request for a hearing suspends only the action described in the Association's written notice.

6.3.3. Attendance. The hearing may be held with or without the presence of the owner or the owner's representative.

6.3.4. Hearing. The hearing may be held in a closed or executive session of the board. At the hearing, the board will consider the facts and circumstances surrounding the violation. The owner may attend the hearing in person, or may be represented by another person or written communication.

6.3.5. Minutes of Hearing. The minutes of the hearing must contain a statement of the results of the hearing and the amount of fine or charge, if any, imposed, or abatement or suspension action, if any, authorized. A copy of the notice and request for hearing should be placed in the minutes of the hearing. If the owner appears at the hearing, the notice requirement will be deemed satisfied.

6.4. ACTIONS EXEMPT FROM NOTICE AND HEARING REQUIREMENTS. As a general rule, every action other than the above-described actions requiring notice and hearing are impliedly exempt from the requirements of this Article. As permitted by applicable law, such as Section 209.007 of Texas Property Code, the following actions are expressly exempt:

a. A temporary suspension of a person's right to use common areas if the temporary suspension is the result of a violation that occurred in a common area and involved a significant and immediate risk of harm to others in the Property. The temporary suspension is effective until the board makes a final determination on the suspension action after following the notice and hearing procedures prescribed by this Article.

b. A lawsuit in which the Association seeks a temporary restraining order or temporary injunctive relief,

c. A lawsuit filed by the Association that includes foreclosure as a cause of action.

d. The collection of delinquent assessments.

6.5. IMPOSITION OF FINE. Within 30 days after levying the fine or authorizing the abatement, the board must give the owner notice of the levied fine or abatement action. If the fine or action is announced at the hearing at which the owner is actually present, the notice requirement will be satisfied. Otherwise, the notice must be in writing.

6.5.1. Amount. The board shall adopt an enforcement policy and fine schedule regarding the levying of fines by the Association. The board may levy a fine from the schedule that varies on a case by case basis, provided the fine is reasonable in light of the nature, frequency, and effects of the violation. The amount and cumulative total of a fine must be reasonable in comparison to the violation. If the board allows fines to accumulate, it may establish a maximum amount for a particular fine, at which point the total fine will be capped.

6.5.2. Type of Fine. If the violation is ongoing or continuous, the fine may be levied on a periodic basis (such as daily, weekly, or monthly). If the violation is not ongoing, but is instead sporadic or periodic, the fine may be levied on a per occurrence basis.

6.5.3. Other Fine-Related. The Association is not entitled to collect a fine from an owner to whom it has not given notice and an opportunity to be heard. The Association may not charge interest on unpaid fines. The Association may not foreclose its assessment lien on a debt consisting solely of fines.

6.6. REIMBURSEMENT OF EXPENSES AND LEGAL FEES. In addition to any other rights set forth in the governing documents for violation of a provision of the governing documents, the board may levy and collect individual assessments for reimbursement of reasonable fees and expenses, including without limitation legal fees, incurred by the Association to enforce the governing documents, including the collection of delinquent assessments, subject to the following conditions:

6.6.1. Notice. The Association must give the owner written notice that the owner will be liable for reimbursement of any such fees and expenses incurred by the Association if the delinquency or violation continues after a date certain that is stated in the notice. This notice requirement does not apply to legal fees incurred by the Association in connection with the Association's counterclaim in a lawsuit to which an owner is a plaintiff.

6.6.2. Hearing. If legal fees are incurred by the Association for an action requiring notice and hearing, the owner is not liable for reimbursement of legal fees incurred (1) before the date by which the owner must request a hearing, if the owner does not request a hearing, or (2) before conclusion of the hearing, if the owner does request a hearing.

6.6.3. Records. By written request, an owner may obtain from the Association copies of any invoices for charges, including legal fees, for which the Association seeks reimbursement.

6.6.4. Foreclosure. In connection with a judicial foreclosure of the Association's assessment lien, applicable law, such as Chapter 209 of the Texas Property Code, establishes a limit for the amount of attorneys fees that the Association may include in its lien. However, the foregoing does not prevent the Association from recovering or collecting attorney's fees in excess of such amounts by other means provided by law.

6.7. ADDITIONAL ENFORCEMENT RIGHTS. Notwithstanding the notice and hearing requirement, the board may take immediate and appropriate action, without giving the notices required in this Article, against violations of the Governing Documents which, in the board's opinion, are (1) threatening to life or property or (2) repeat violations of the same provision by the same owner to whom prior notices and demands have been given for the same violation within the preceding six months. Further, the provisions of this Article do not apply to specific remedies provided in the Governing Documents for certain violations, such as nonpayment of assessments.

## ARTICLE 7

### OBLIGATIONS OF THE OWNERS

7.1. NOTICE OF SALE. Any owner intending to sell or convey his lot or any interest therein must give written notice to the board of his intention, together with (1) the address or legal description of the lot being conveyed, (2) the name and address of the intended purchaser, (3) the name, address, and phone number of the title company or attorney designated to close the transaction, (4) names and phone numbers of real estate agents, if any, representing seller and purchaser, (5) scheduled date of closing, and (6) a \$250.00 transfer fee. An owner will furnish this information and the transfer fee to the board at least 10 business days before the scheduled date of closing or conveyance. The requirements of this Section may be satisfied by giving the Association a copy of an accepted resale contract in connection with the owner's request to the Association for a resale certificate.

7.2. OWNER-SELLER RESPONSIBILITIES. The owner-seller shall be responsible for leaving the Association provided binder and any and all gate remotes with the buyer.

7.3. PROOF OF OWNERSHIP. Any person, on becoming a member of the Association, shall furnish to the board evidence of ownership in the lot, which copy shall remain in the file of the Association. This requirement may be satisfied by receipt of a copy of the recorded deed or a board-approved form that is completed and acknowledged by a title company or attorney at time of conveyance of the lot or any interest therein. The Association may refuse to recognize a person as a member unless this requirement is first met.

7.4. OWNERS' INFORMATION. Within 30 days after acquiring an ownership interest in a lot, the owner must provide the Association with the owners' mailing address; the names of all co-owners; the names of any tenants; and the name, address, and telephone number of any person managing the lot as agent of the lot owner. An owner must notify the Association within 30 days after he has notice of a change in any information required by this Section, and must provide the information on request by the Association from time to time.

7.5. MAILING ADDRESSES. The owner or the several co-owners of a lot shall register and maintain one mailing (including emailing) address to be used by the Association for mailing of monthly statements, notices, demands, and all other communications. The owner shall keep the Association informed of the member's current mailing address at all times. If an owner fails to maintain a current mailing address with the Association, the address of that owner's lot shall be deemed to be his mailing address.

7.6. ASSESSMENTS. Upon obtaining ownership of a Lot, members shall be obligated to pay assessments imposed by the Association to meet the common expenses. A member shall be deemed to be in good standing if he/she is current in the assessments.

7.7. COMPLIANCE WITH DOCUMENTS. Each member shall comply with the provisions and terms of the governing documents, and any amendments thereto. Further, each member shall always endeavor to observe and promote the cooperative purposes for which the subdivision was established.

## ARTICLE 8

### ASSOCIATION RECORDS

8.1. RECORDS. The Association shall keep the following records for the stated periods of time, being the stated minimum requirements of TPC '209.005(m):

a. Minutes or a similar record of the proceedings of the meetings of the board shall be retained for at least seven (7) years.

b. Names and mailing addresses of the members, the currency and accuracy of the information being the responsibility of the members, and other account records of current owners, shall be retained for at least five (5) years.

c. Financial records and books of account for the Association, kept in a manner consistent with generally accepted accounting principles, shall be retained for at least seven (7) years.

d. Copies of income tax returns prepared for the Internal Revenue Service, and audit records, shall be retained for at least seven (7) years.

e. Copies of the governing documents, other than the documents specifically listed in Section 8.1.g. below, and all amendments to any of these, for at least seven (7) years, including a record of all votes or written consents by which amendments to these governing documents were approved.

f. Contracts with a term of one (1) year or more shall be retained for at least four (4) years after the expiration of the contract term.

g. Certificate of Formation, Bylaws, the Declaration, and all amendments to the Certificate of Formation, Bylaws, and Declaration shall be retained permanently.

In accordance with TPC '209.005(m), the Association has adopted, recorded and complied with a Document Retention Policy, which is recorded in the Official Public Records of Real Property of Aransas County, Texas.

8.2. INSPECTION AND COPYING OF BOOKS AND RECORDS. Books and records of the Association shall be made available for inspection and copying pursuant to Sections 22.351 and 22.353 of the TBOC and Section 209.005 of the Texas Property Code.

8.2.1. Inspection or Copying Request. A member must submit a written demand for inspection or copying by certified mail, with sufficient detail describing the Association's books and records requested. If an inspection request is made, the Association, on or before the 10th business day after the date the Association receives the request, shall send written notice of dates during normal

business hours that the owner may inspect the requested books and records to the extent those books and records are in the possession, custody, or control of the Association. The Association may require that any inspection of books and records occur through providing digital pictures or videos of the requested books and records. If copies are requested and the Association is unable to produce the books or records requested on or before the 10th business day after the date the Association receives the request, the Association must provide to the requestor written notice that (1) informs the requestor that the Association is unable to produce the information on or before the 10th business day after the date the Association received the request; and (2) states a date by which the information will be made available for inspection to the requesting party that is not later than the 15th business day after the date notice under this subsection is given.

8.2.2. Copies. A member, at the member's expense, may obtain photocopies of books and records for which the board grants the right of inspection. The board has the right to retain possession of the original books and records, to make copies requested by the member, and to charge the member a reasonable fee for copying. The board has adopted a Records Production and Copying Policy that prescribes the costs the Association will charge for the compilation, production, and reproduction of information requested under this Section, which Policy is recorded in the Official Public Records of Real Property of Aransas County, Texas, pursuant to TPC '209.005. The prescribed charges may include all reasonable costs of materials and labor. The Association may not charge an owner for the compilation, production, or reproduction of information requested under this Section unless the policy prescribing those costs has been recorded as required by this subsection. An owner is responsible for costs related to the compilation, production, and reproduction of the requested information in the amounts prescribed by the Policy adopted under this Section. The Association may require advance payment of the estimated costs of compilation, production, and reproduction of the requested information. If the estimated costs are lesser or greater than the actual costs, the Association shall submit a final invoice to the owner on or before the thirtieth (30th) business day after the date the information is delivered. If the final invoice includes additional amounts due from the owner, the additional amounts, if not reimbursed to the Association before the thirtieth (30th) business day after the date the invoice is sent to the owner, may be added to the owner's account as an assessment. If the estimated costs exceeded the final invoice amount, the owner is entitled to a refund, and the refund shall be issued to the owner not later than the thirtieth (30th) business day after the date the invoice is sent to the owner.

8.2.3 Member's Agent. A member's inspection of the books and records may be assisted or performed by the member's agent, accountant, or attorney.

8.2.4. Records of Attorneys and Accountants. The files and records of an attorney who performs services for the Association are not records of the Association, are not subject to inspection by members, and are not subject to production in a legal proceeding.

8.3 RESALE CERTIFICATES. An officer may prepare, or cause to be prepared, assessment estoppel certificates or resale certificates pursuant to applicable law, such as Chapter 207 of the Texas Property Code, titled Disclosure of Information by Property Owners Association. The Association may charge a reasonable fee for preparing such certificates, and may refuse to furnish such certificates until the fee is paid. Any unpaid fees may be assessed against the lot for which the certificate is furnished. The Association may delegate the responsibility for a resale certificate to its managing agent, if any.

8.4 WEBSITE TO CONTAIN DEDICATORY INSTRUMENTS. The Association shall make dedicatory instruments relating to the Association or subdivision and filed in the county records available on a website if the Association has, or a management company on behalf of the Association maintains, a publicly accessible website.

8.5. MANAGEMENT CERTIFICATE. As required by applicable law, such as Section 209.004 of the Texas Property Code, the Association will maintain a current management certificate in the county's public records. When the Association has notice of a change in any information in the recorded certificate, the Association will prepare a restated or amended certificate and deliver it to the county clerk for filing. Absent gross negligence, the Association is not liable for a delay or failure to record a certificate. The Association may delegate the responsibility for a management certificate to its managing agent, if any.

8.6. MEMBERSHIP LIST. The board may maintain a comprehensive list of Association members and their contact information ("Membership List"). If the Association maintains the Membership List, the Association may make the Membership List available to any owner on written request, and may charge a reasonable fee for cost of copying and delivering the owners list. The Membership List described in this Section 8.6 is separate and distinct from the Voting Member List. A member may request that his or her name and contact information be removed from the Membership List.

8.6.1. Types of Information. The Membership List may include the following information for each lot: (i) the name and mailing address of at least one owner, (ii) a description of the lot owned (if different from the mailing address), (iii) additional contact information for owners, such as phone numbers, email addresses, and any other items of information voluntarily provided by owners.

## ARTICLE 9

### NOTICES

9.1. CO-OWNERS. If a lot is owned by more than one person, notice to one co-owner shall be deemed notice to all co-owners. Similarly, notice to one resident of a lot is deemed notice to all residents of the lot.

9.2. DELIVERY OF NOTICES. Any written notice required or permitted by these Bylaws may be given personally, by mail, by facsimile transmission, by email, or by any other method permitted by applicable law, such as the Texas Business Organizations Code. If mailed, the notice is deemed delivered when deposited in the U.S. mail addressed to the member at the address shown on the Association's records. If transmitted by fax or email, the notice is deemed delivered on successful transmission of the facsimile or electronic correspondence. The notice must be sent to the party's last known address as it appears on the records of the Association at the time of transmission. If an owner fails to give the Association an effective address, the notice may be sent (1) to the address of the owner's lot and/or (2) to the owner's address shown on the then-current property tax rolls for the lot. If the Association properly transmits the notice, the owner is deemed to have been given notice whether or not he actually receives it.

9.3. WAIVER OF NOTICE. Whenever any notice is required to be given to an owner, member, or director, a written waiver of the notice, signed by the person entitled to such notice, whether before or after the time stated in the notice, shall be equivalent to the giving of such notice. Attendance by a member or director at any meeting of the Association or board, respectively, shall constitute a waiver of notice by such member or director of the time, place, and purpose of such meeting. If all members or directors are present at any meeting of the Association or board, respectively, no notice shall be required and any business may be transacted at such meeting.

## ARTICLE 10

## INDEMNIFICATION

10.1. GENERAL. The purpose of this Article is to mandate some of the permissive provisions of Chapter 8 of the TBOC, and to indemnify Association leaders whether or not the Association is incorporated at the time indemnification is needed. The definitions of Chapter 8 of the TBOC are hereby incorporated by reference, without regard to the corporate status of the Association. As used in this Article, "Association Leader" means a person who is a current or former officer or director of the Association, or a current or former committee chair or committee member of the Association.

10.2. MANDATORY INDEMNIFICATION. The Association will indemnify an Association Leader who was, is, or is threatened to be made a named defendant or respondent in a proceeding because the person is or was an Association Leader, if the following determinations are made.

10.2.1. Determinations. It must be determined that the person acted in good faith, and that:

- a. the person reasonably believed (1) in the case of conduct in the person's official capacity, that the person's conduct was in the Association's best interest, or (2) in any other case, that the person's conduct was not opposed to the Association's best interests;
- b. in the case of a criminal proceeding, the person did not have a reasonable cause to believe the person's conduct was unlawful;
- c. with respect to expenses, the amount of expenses other than a judgment is reasonable; and
- d. indemnification should be paid.

10.2.2. Effect of Proceeding Termination. A person does not fail to meet the determination standard solely because of the termination of a proceeding by judgment, order, settlement, conviction, or a plea of nolo contendere or its equivalent.

10.2.3. How Determinations Are Made. If all of the directors are disinterested and independent, as defined in the TBOC, the determinations required under this Section will be made by a special legal counsel selected by the board. Otherwise, the determinations will be made by the owners of a majority of lots in the Property, other than lots owned by persons who are not disinterested and independent as defined in the TBOC, or by a special legal counsel selected by those owners.

10.3. EXCEPTIONS TO MANDATORY INDEMNIFICATION. A person who is found liable to the Association or is found liable because the person improperly received a personal benefit is not entitled to indemnification under this Article if, in a legal proceeding, the person has been found liable for (1) willful or intentional misconduct in the performance of the person's duty to the Association, (2) breach of the person's duty of loyalty owed to the Association, or (3) an act or omission not committed in good faith that constitutes a breach of a duty owed by the person to the Association. In all other instances, indemnification of a person who is found liable to the Association is limited to reasonable expenses actually incurred by the person in connection with the proceeding, excluding a judgment, a penalty, a fine, or any other type of sanction. A person indemnified by the Association, is considered to have been found liable in relation to a claim, issue, or matter only if the liability is established by an order, including a judgment or decree (of a court, and all appeals of the order are exhausted or foreclosed by applicable law.

10.4. EXPENSES. The indemnification provided by this Article covers reasonable expenses

and costs, such as legal fees, actually and necessarily incurred by the indemnified person in connection with a qualified claim.

10.4.1. Advancement of Expenses. The Association may pay or reimburse reasonable expenses incurred by an indemnified person who was, is, or is threatened to be made a respondent in a proceeding in advance of the final disposition of the proceeding without making the determinations required under the Section above titled "Mandatory Indemnification," after the Association receives a written affirmation by the person of the person's good faith belief that the person has met the standard of conduct necessary for indemnification under this Article, and a written undertaking by or on behalf of the person to repay the amount paid or reimbursed if the final determination is that the person has not met that standard or that indemnification is prohibited by this Article. The required written undertaking must be an unlimited general obligation of the person, but need not be secured, and may be accepted by the Association without regard to the person's ability to make repayment.

10.4.2. Witness Expenses. The Association may pay or reimburse reasonable expenses incurred by an Association Leader, member, employee, agent, or other person in connection with that person's appearance as a witness or other participation in a proceeding at a time when the person is not a respondent in the proceeding.

10.5. INDEMNIFICATION OF OTHER PERSONS. Subject to the same limitations, determinations, and exceptions for Association Leaders, the Association may indemnify and advance expenses to a person who is not otherwise covered by this Article's indemnification as provided by (1) a provision in a Governing Document of the Association, (2) a contract to which the Association is a party, (3) common law, (4) a board resolution, or, (5) a resolution approved by the Association's members. A person indemnified under this Section may seek indemnification or advancement of expenses from the Association to the same extent that an Association Leader may seek indemnification or advancement of expenses under this Article.

## ARTICLE 11

### AMENDMENTS TO BYLAWS

11.1. AMENDMENTS BY BOARD. Although the general authority for amending the Bylaws resides with the members of the Association under Section 11.2, the following amendments may be made by the board without a vote of the members, provided the proposed amendment has the prior unanimous approval of the directors: (i) to correct mistakes in the Bylaws, (ii) to conform the Bylaws to changes in controlling law applicable to any topic addressed in these Bylaws, (iii) to change the name of the Association, and (iv) to restate previously amended Bylaws for the sole purpose of incorporating the amendments into the body of the Bylaws.

11.2. AMENDMENT BY MEMBERS. All other amendments to these Bylaws must be approved by the members according to the terms of this Article.

11.2.1. Proposals. These Bylaws may be amended by the members according to the terms of this Article. The Association shall provide or make available to an owner of each lot a detailed description, if not exact wording, of any proposed amendment. Such description shall be included in the notice of any annual or special meeting of the Association if such proposed amendment is to be considered at said meeting.

11.2.2. Consents. An amendment to these Bylaws must be approved either: (i) by a majority of votes present, in-person or by proxy, at a properly called meeting for which a quorum is obtained, or (ii) by written consents under Section 4.14 of owners representing a majority of votes attributable to the total lots of the Association. This Section, however, may only be amended by approval of

owners representing a majority of votes attributable to the total lots of the Association.

11.2.3. Effective. To be effective, each amendment must be in writing, reference the name of the subdivision and the Association, be signed by at least two officers acknowledging the requisite approval of members, and notice of the amendment must be provided to an owner or each lot at least 10 days before the amendment's effective date. Such notice may be in any form allowed under Article 9 and must either provide the owner with a copy of the amendment or instructions for obtaining a copy. The amendment must be recorded in the office of the county clerk for which the subdivision is located.

## SECTION 1.0: INTRODUCTION

These Design Guidelines (sometimes herein referred to as "Guidelines") are to assist all Property Owners regarding any proposed improvements on any Lot, and have been adopted by the Board of Directors and the Architectural Review Committee (sometimes herein, "Committee") established by the Board of Directors, pursuant to the Second Amended and Restated Declaration of Covenants, Conditions and Restrictions (the "Declaration"). These Guidelines govern all residential property within the community, and as provided in the Declaration, no construction, improvements, alterations, repair, excavation, or other work which in any way alters the exterior appearance of any property, or the improvements located thereon and no building, fence, wall or other structure may be commenced, erected, maintained, improved, made or done without the prior written approval of the Board of Directors or the Committee established by the Board of Directors for such purpose.

Any approval of plans, specifications, or proposed construction given by the Architectural Review Committee shall not constitute any representation or warranty by the Committee that the approved construction or modification complies with applicable federal, state or local laws or ordinances. Each Property Owner must comply with all applicable federal, state and local laws, rules and ordinances and obtain such permits as may be required for the construction or modification of the improvement. The Property Owner is responsible to the Association for completion of the project in the time frame specified in the Construction Schedule and for the actions of the contractor(s) and/or subcontractor(s) on the project.

The Design Guidelines are intended to promote the highest quality of community possible by establishing standards for all construction and/or remodeling of residences and associated site improvements, along with defining community rules concerning property use. The Board of Directors, as part of these Guidelines, and as stipulated in the Declaration, has adopted procedures for the review and approval of all applications made to the Committee, who are responsible for these activities on behalf of the Board of Directors. During the process of these activities, the Committee will place as strong an emphasis on meeting the intent of the Guidelines as it does on successfully meeting the "acceptable standards" specified in the text. Please note that these Guidelines do not waive the requirement for approvals and permits potentially required by the Town of Fulton.

Royal Oaks is truly a unique community, with natural beauty. The vision for Royal Oaks embraces excellence in design and a reflection of history and tradition of coastal-influenced living, thus creating a distinct community that will truly foster a genuine sense of place. To this end, the Architectural Review Committee has determined that the homes within the community should reflect "Mediterranean inspired" architecture - styles that would be thematically suited to the region, the site, and the climate of coastal Texas. Home designs should contain elements such as thick stucco walls, stone, tile or metal roofs, including sheet metal roofing or metal roofing supplied by Decra Metal Roofing that conforms to the architectural style of the community, arched openings, tower elements, decorative ornamental iron gates, interior gardens, fountains, and courtyards. These elements will promote a variety of unique, but compatible architectural styles such as Italian, Spanish, and Western Regional architecture. The Architectural Review Committee will consider colors and architectural styles from traditional approaches to more contemporary design influences, but will not consider styles that have no historical basis, or those not consistent with the spirit and intent of this document.

Each Lot within the Royal Oaks community is characterized by distinct locations of specimen Live Oak trees, with each Lot presenting a unique opportunity and challenge in the design process. It is encouraged that a creative design approach be undertaken to best "fit" all proposed improvements to the existing character of the property. In an effort to promote and protect the highest quality of community possible, the Committee will require home designs to be a minimum of 1,300 square feet livable.

Neither the Committee, any member thereof, the Association or any director, officer, employee or agent of the Association shall be liable to any Property Owner or other person for any damage, loss or prejudice claimed on account of (a) the approval or disapproval of any plans, drawings and specifications, whether or not defective, (b) the construction or performance of any work, whether or not pursuant to approved plans, drawings, or specifications, (c) the development or manner of development of any property within Royal Oaks, or (d) the exercise of any of the powers, duties or responsibilities of the Architectural Review Committee.

The Design Guidelines have been prepared by Royal Oaks LP (the "Declarant") and adopted by the Declarant pursuant to the Declaration. The Design Guidelines may be changed and amended to serve the needs of the community pursuant to the procedures set forth in the Declaration. These Guidelines were prepared on May 1, 2015, and amended on \_\_\_\_\_, 2024, in connection with the Declaration.

## SECTION 2.0: DESIGN GUIDELINES

### 2.1 GENERAL SITE PLANNING CONSIDERATIONS

- The Architectural Review Committee has identified individual "Building Envelopes" for each Lot within the Royal Oaks community (see Section 7.0). All construction, modification, or improvements to a Lot relative to the vertical construction of the home, shall not extend outside the "Building Envelope". In special circumstances involving conditions that, in the opinion of the Committee, do not conflict with the spirit and intent of the Design Guidelines, the Committee may approve on a case-by-case basis to allow home construction to extend on a limited basis, beyond the Building Envelope.
- The Committee may have also identified additional conditions, setbacks and/or easements on particular Lots. Please note if your Lot is identified as containing any special conditions, setbacks, or easements.
- Any construction, modification, or improvements within the Lot, to include such items as landscaping, patios, pools, water features, spas, gazebos, trellises, etc., can occur outside of the Building Envelope, but will be carefully reviewed by the Committee for any potential impacts to adjacent Lots and Common Elements. The Committee reserves the right to disapprove any proposal for improvements outside of the Building Envelope that, in the opinion of the Committee, would adversely impact surrounding property.
- The design philosophy for the community of Royal Oaks is to convey an atmosphere of intimacy with high quality garden homes and villa style townhomes encircling a common park area. In an effort to protect the spirit and intent of this design philosophy, the Committee will encourage home designs to be predominately single story on the street frontage, as much as possible. Portions exceeding a single story of homes will be evaluated on a case-by-case basis by the Committee for potential impacts to other property and/or view corridors.
- The Property Owner shall observe the location of any homes and uses that may be occurring on neighboring Lots. The potential impact to their views, privacy, and continued use shall be considered. The Property Owner must demonstrate that consideration was made to setbacks and methods of screening to be used, which minimize any degradation of neighboring properties. The Committee will work with the Property Owner in a good faith effort to help accomplish his/her program and minimize impact to neighboring properties.
- Existing view corridors will be created and/or changed as Lots are improved. Each Property Owner acknowledges that any construction or installation by builders nearby or adjacent to Property Owner's Lot may potentially impair the view of such Property Owner and hereby consents to such impairment. Each Property Owner acknowledges that there are no guaranteed views within the properties, and no property is assured the existence of unobstructed continuation of any particular view.
- The Committee will pay particular attention to the preservation of existing trees, and will require that home design and associated lot improvements respect, as much as possible, the preservation of existing trees.
- As per the Declaration, no parking will be allowed on private streets within Common Properties. Therefore it will be the responsibility of the Property Owner to provide adequate guest parking on the Owner's Lot.
- Driveways and any other access to a garden home or villa style townhome must be on the same side as the home's street address. The location of driveways or other access to a Property Owner's home is subject to the Committee's review and approval.
- If a Property Owner purchases two Lots, a garden home may be construction in the middle of the two Lots, however, it will be the Property Owner's responsibility to obtain any and all permits, approvals, or variances required by any local governmental entities.

### 2.2 GRADING

- The Committee will require that grading activities respect the need to preserve existing trees as much as possible.

- All storm water management must be designed to flow to the street, and to the rear of the Lot. No change in existing grade shall create a drainage condition that could adversely impact adjacent Lots or Common Elements. Rip-rap or other rock-type erosion control measures can be utilized for controlling concentrated flows.
- Finished, ground floor elevations of homes must not exceed 24" above the lowest elevation of the crown of the street fronting the Lot.
- On those Lots that face directly onto Fulton Beach Road, any resultant manufactured slopes will be evaluated by the Committee for visual impact. Slopes of 6:1 are encouraged due to the sandy soil conditions, but steeper slopes will be allowed if soil stabilization measures are utilized. All proposed slopes will be evaluated by the Committee as to their potential adverse visual impact. The Committee may require additional slope-stabilizing landscaping. The use of retaining walls (in lieu of manufactured slopes) is strongly encouraged, and the Committee reserves the right to require, on a case-by-case basis, the use of retaining walls in lieu of manufactured slopes.

## **2.3 SITE WALLS/FENCING**

- Free standing screen walls, not supporting a building structure or retaining earth, may not exceed six (6) feet in height.
- All walls and fencing must be finished with materials and colors that blend in and harmonize with the surrounding environment and architectural style of the home.
- View fencing may occur on top of retaining walls as long as the fence is 90% transparent.
- Perimeter walls on the property line are prohibited, except in very limited cases where they are used to screen or provide privacy to a specific room of the home or patio area. The Committee will evaluate any wall occurring on a property line to determine the potential impact to views from adjacent properties.
- Safety or security fencing will be allowed, in addition to pools and spas (per applicable ordinances) but the Committee will require that the location and design of any fencing or privacy walls minimize potential disturbance to views from adjacent properties. Invisible electronic fencing for pet security is encouraged.
- Retaining walls shall typically not exceed eight (8) feet in height, measured vertically from the lowest finished grade adjacent to the wall along the exterior side. On a case-by-case basis, the Committee may consider heights in excess of eight (8) feet when justified by topographic conditions when the extra height, in the Committee's opinion, causes no adverse visual impact. If stepped retaining walls are proposed, a four (4) foot minimum planting area will be provided between the walls. Subject to approval by the Committee, other acceptable methods for softening the appearance of retaining walls over eight (8) feet in height may include: landscaping with mature, indigenous trees or large shrubs; and/or utilizing a different texture and/or material such as stone for a portion of the wall.

## **2.4 ARCHITECTURAL DESIGN**

- These guidelines are intended to discourage and/or prevent any proposed structure, which, in the sole opinion of the Committee, would appear excessive in height when viewed from a Common Element. The Committee will take into consideration the height of any proposed fill slope required to create the building pad, into its determination of excessive height.
- The design character of a proposed residence should be considered from all sides (including roofs), not just the front or rear elevations, and all elevations should maintain visual integrity, cohesiveness, and design detail. Long and/or large uninterrupted wall surfaces should be avoided, if possible. Very large or dominating individual building masses, in particular those created by sloping roofs, are discouraged.
- Homes are limited to thirty-five feet (35') in height measured from the finish pad elevation to the highest roof ridge. In special circumstances involving conditions that do not conflict with any applicable governmental ordinances, the Committee may approve, on a case-by-case basis, overall vertical dimensions which may exceed this limitation, i.e. architectural elements such as cupolas and chimney tops.

- All outside lighting must be designed and installed so that it will not beam onto neighboring properties or otherwise create a nuisance or be unsightly in the general area. The Committee reserves the right to demand that fixtures be disconnected or changed, if problems with lights occur.
- Acceptable exterior wall finish materials/colors include:
  1. Stucco
  2. Manufactured or natural stone products
  3. Concrete, wood or metal accents
  4. Integrally colored, stained or mortar-washed masonry (brick, concrete block, etc.) with concrete, wood or metal accents
- Unacceptable exterior wall finish materials/colors include:
  1. Stucco as an entire wall surface without relief or complimentary materials
  2. Any bright or highly reflective colors or finishes
  3. Horizontal or vertical siding as an entire wall surface without relief
- Since roof shapes will form an important part of the visual environment, they must be carefully designed. In general, large, unrelieved singular roof forms and/or rooflines are discouraged. Utilize multiple roof massing as much as possible. Bright or dominant roof colors or reflective roof surfaces, other than metal roofs approved by the Committee, are discouraged.
- All projections from a building including, but not limited to, chimney caps, vents, gutters, scuppers, downspouts, utility boxes, porches, railings, and exterior stairways shall match the color of the surface from which they project or be an appropriate accent color, unless otherwise approved by the Committee.
- Carports are not permitted. Fully enclosed garages will be required on all properties. If the Lot size will allow it, Lots shall have garage space sufficient to house two (2) automobiles. However, if a Lot's size will not accommodate a garage large enough to house two (2) automobiles, the ARC may approve a garage that is only sufficient to house one (1) automobile without requiring the Owner to request a variance. Garages designed for the storage of motor homes/recreational vehicles or large boats will be allowed, but must be integrated into the architectural design of the home. No permanent storage of motor homes/recreational vehicles or boats may occur outside of the garage.

## **2.5 YARD AREAS AND FEATURES**

- Exterior or free standing structures which include, but are not limited to patio covers, gazebos, atriums, lattice work, gutters, screen doors, etc. must be of the same color, or be complimentary to the base or trim color of the house.
- Permanent basketball goals are permitted, but the Committee will require them to be located such as to minimize, as much as possible, their visual impact to the street. The Committee may require that the pole be painted a similar color to the house. Portable basketball goals can be used in street frontage areas so long as when the goal is not in use, the goal is stored out of sight.
- The Association and its members shall comply with the then current Federal Communications Commission (FCC) OTARD (Over The Air Reception Devise) rules for satellite dishes and antennae. In general, the Committee will strive to recommend a location for satellite dishes or antennae that will be compatible with the residence and it's surroundings.
- The installation of flagpoles will be subject to review and approval by the Committee. The Committee may regulate the display of flags and flag poles to the extent permitted by the Texas Property Code as then in effect (the "Act").
- All utility equipment and mechanical equipment must be placed behind a screen wall with the same finish and color as the home and not be visible from the street and neighboring properties.
- Trash containers are allowed only to be in view from the street on the days of collection. Otherwise, these containers must be stored within the home or behind a walled enclosure of the home, or otherwise out of view from neighboring properties.

- All pool or spa equipment must be screened from view, from the street and adjacent properties, with a solid wall. Pools or spas may not be backwashed onto any other property or Common Element. All backwash must be retained on the homeowner's lot.
- Residents may keep a reasonable number of recognized domestic pets. However, animals may not be kept or raised for commercial purposes.
- Well designed sports or tennis court with no lighting may be permitted. The Committee must approve the appearance and location of any sports or tennis court, and will require a reasonable amount of landscaping or other screening to minimize impact to neighboring properties.
- Any proposed playground equipment or similar structures, or accessory structures, will be reviewed by the Committee to determine potential disturbance to adjacent properties.
- The Committee may regulate the display of signs and religious displays as permitted by the Act.

## 2.6 LANDSCAPE DESIGN

- Any areas that have been disturbed due to grading or construction activities must be re-vegetated. Any exposed cut and fill slopes must be re-vegetated. On proposed slopes, plants that help mitigate erosion are required. The Committee reserves the right to determine the final density of slope plantings based on; the severity of the slope, the amount of slope area, the property's location, and the visualness to Common Properties.
- The Committee wishes to provide maximum flexibility to homeowners in planting design, but Property Owners will be required to provide sufficient landscaping to soften the architecture of the home commensurate with the size and height of the structure, and to assure a reasonable level of aesthetic appearance within the community. Since homes will vary in size and height, the Committee reserves the right to determine the final number and density of plantings, based on the location and visualness to Common Elements, along with the spirit and intent of these Guidelines.
- Every garden home Owner will be responsible for installation of landscaping on their Lot, per the approved Plans (see Section 3: Review and Approval Process). Failure to complete approved landscaping may result in the levying of a fine on the property.
- Every garden home Owner will be responsible for regular maintenance of all proposed landscaping within the Lot, in addition to maintaining all existing trees on Property Owner's Lot. All proposed landscaping must be placed on an automatic irrigation system.
- Any and all proposed grass areas shall be completely contained with a defined hard-edged material. Edging shall be comprised of; but is not limited to; concrete, brick, stone, or metal.
- In connection with the foregoing, a Property Owner may propose drought-resistant landscaping and/or water-conserving natural turf, the approval of which will not be unreasonably denied or withheld by the Committee provided that it is aesthetically compatible with other landscaping in the subdivision and otherwise comports with these Guidelines.
- The Property Owner may propose rain barrels and other rain harvesting devices and rain water irrigation systems provided that the same are not apparently visible to streets and adjoining Lots, are consistent with the architecture and color scheme of the garden home or villa style townhome, and otherwise comport with these Guidelines.

## SECTION 3.0: REVIEW AND APPROVAL PROCESS

- Prior to investing extensive time and money in the preparation of detailed plans, it is highly recommend, but not required, that the Property Owner or his/her representative talk with the Architectural Review Committee to discuss preliminary plans and to identify any unique site conditions or issues that may exist for the property. All Applications will be reviewed on a case-by-case basis, in order to encourage excellence in design. Stock plans or plans obviously not designed for the specific property will generally be unacceptable. Grading issues will be

discussed. There is a specific intent to maintain a consistent application of the Design Guidelines on a fair, equitable and uniform basis. The Committee is available to answer any questions you may have.

- Once all plans are complete, the Property Owner and/or builder must submit all required **Final Plans** to assure compliance with all of the requirements of the Design Guidelines. The Property Owner or it's Agent will be required to submit a Construction Schedule, along with a list of all (sub)contractors and suppliers which will require access to the property (see Section 6: Property Improvement Notification).
- Once the **Final Plans** have been reviewed and if approved by the Committee, an approval letter will be forwarded to the Builder and/or Property Owner within 30 days from the Committee's receipt of the Application. Any plans or details deemed by the Committee as being inconsistent with the spirit, intent or requirements of the Guidelines will be denied approval. If approval is denied, the Property Owner may request a hearing before the Board of Directors as set forth in the Act or re-submit its Final Plans to the Committee for final approval. Approvals may be conditional. After all governmental permits have been secured by the builder and the **Property Improvement Notification** form has been submitted to the Architectural Review Committee, construction may begin according to the submitted construction schedule.
- All approvals of **Final Plans** must be in writing. Unless otherwise stated in the Committee's written approval, construction of the improvements identified in the **Final Plans** ("Proposed Improvements") must commence within one (1) year of the date of approval ("Commencement Deadline"). If construction of the Proposed Improvements does not begin before the Commencement Deadline, the approval of the **Final Plans** will be automatically deemed revoked. It will be a violation of these Design Guidelines to commence construction of the Proposed Improvements after the Commencement Deadline. In its sole discretion, the Committee may extend the timeframe for the commencement of constructing the Proposed Improvements indefinitely.
- Please remember that you, as the Property Owner, are responsible for seeing that your home and associated improvements meet all applicable requirements of the Declaration and Design Guidelines. Violations by contractors and/or subcontractors are your responsibility. Not correcting a problem created by your contractor and/or subcontractor may result in a fine being levied against your property. The Committee will not become involved in any disputes between owners and their contractors and/or subcontractors.
- The following items are the minimum requirements for submission of **Final Plans**. Please submit only one set of plans. All plans shall be at an appropriate scale for legibility.
  1. SITE PLAN with grading and drainage
  2. LANDSCAPE PLANS - with attached materials/installation bid from landscape contractor
  3. FLOOR PLANS and ELEVATIONS for all structures
  4. SAMPLES (or pictures) with specifications of all exterior materials, finishes and colors
  5. CONSTRUCTION SCHEDULE
- In addition to the plans, please submit the following **Application Forms** (see Section 6.0) properly completed and signed, including the required fees. Incomplete or unclear information may cause the Architectural Committee to deem the Application incomplete. These include:
  1. PROPERTY IMPROVEMENT NOTIFICATION
  2. DEPOSIT AND PLAN REVIEW FEE AGREEMENT

The following fees are required to be paid at time of Final Plans submittal (see page 16).

1.	Pre-Sale Review, including material list	\$ 0.00
2.	Pre-Ground Breaking Approval Fee (non-refundable)	\$ 800
3.	<u>Each</u> resubmission after Approval (non-refundable)	\$ 200

- Please submit all plans and forms, along with a check made payable to:

Royal Oaks Architectural Review Committee  
 Royal Oaks Partners at Fulton Beach, L.P.  
 1 Indian Springs Rd  
 Indiana, PA 15701

- The Committee reserves the right to waive or vary any of the procedures or standards set forth herein at its sole discretion including, but not limited to, the right to refer any decision under these Guidelines to the Board of Directors for its decision on any matter.
- The Property Owner is the only person with the right to appeal an Application that has been rejected by the Committee. The Board shall consider an appeal and render a decision based upon information supplied and any other information it deems necessary. The Board may grant variances in its sole and absolute discretion. In the event the decision of the Committee is overruled by the Board of Directors on any issue or question, the prior decision of the Committee shall be deemed modified to the extent specified by the Board and for the purposes of these Guidelines, such decision as so modified, shall thereafter be deemed the decision of the Committee.

## **SECTION 4.0:    CONSTRUCTION GUIDELINES**

- All applicable Federal, State, and Local regulations and guidelines must be strictly observed at all times.
- Construction trailers or temporary buildings may only be placed on the Lot during construction. Portable toilet and trash receptacles should be located so as not to be offensive to the surrounding residences, then removed when no longer in use.
- Property Owners, or their agent, shall be required to register all contractors and subcontractors with the Association (see Section 6.0 - Property Improvement Notification). Contractors and subcontractors not registered with the Association will not be allowed to enter the community.
- All construction activity must be contained on the Property Owner's Lot. Use of adjacent Lots is prohibited without the consent of that Property Owner.
- Property Owners shall require their builders to daily clean up all trash, debris and hazardous material. During the construction period, the site shall be kept neat and clean, and shall be properly policed to prevent it from becoming a public eyesore or affecting other property. In no case may debris and trash be allowed to exceed the top of the dumpster.
- Washout of concrete trucks or the washout and cleaning of any equipment by masons, plasterers, painters, drywallers, etc. must be contained within each Lot. Washout or cleaning residue shall not be allowed to flow off the property onto any Common Element or adjacent Lots.
- Construction crews shall not park on, or otherwise use, other property or Common Elements. Passenger and construction vehicles and machinery shall, as much as possible, be parked only within the Lot. Passenger vehicles may be parked along the roadways during normal working hours if parked so as not to inhibit vehicle flow.
- Excess excavation material must be hauled away and disposed of properly prior to the completion of construction activities on the property.
- Damage and/or scarring to any Common Element and/or other properties resulting from construction operations will not be permitted. If any such damage occurs, it must be repaired and/or restored promptly at the expense of the Property Owner.
- Radios and other audio equipment playing loud music on construction sites are strictly prohibited.
- No roads within Royal Oaks shall be cut or tampered with in any way or for any purpose without the written prior approval of the Committee. Any cut authorized must be promptly repaired. The Association reserves the right to replace and repair to acceptable standards, the repair of the road cut at the requesting Property Owner's expense.
- Each Property Owner has the direct responsibility for the control of their contractors and subcontractors and the actions of said contractors and subcontractors. All liability for violations of the Declaration and/or Design Guidelines caused by any general contractor or subcontractor shall rest with the Property Owner.
- After completion or substantial completion of the home, landscape improvements must be installed. This installation may be extended by a formal request made to the Committee in order to allow planting in more

favorable seasonal climatic conditions. Failure to complete approved landscaping may result in the levying of a fine on the Property Owner.

- Upon completion of construction of all property improvements, the Property Owner shall submit to the Committee a **Notice of Completion** (see Section 6). The Committee or its agents shall inspect the property to determine whether the improvements have been constructed in accordance with the Declaration, these Guidelines and the plans and specifications on file with the Committee. If additional clean up and/or corrective measures are required, the Property Owner will be notified, and another final inspection will occur to assure this work has been completed.
- The Committee or its agents may inspect sitework, at any time, and give notice of any non-compliance with the Declaration, these Guidelines or the approved Final Plans.

### **SECTION 5.0: DISCLAIMER**

- Neither the Royal Oaks Architectural Review Committee, nor any member of the Committee nor Board of Directors shall be liable in damages to anyone submitting plans to them for approval or to any other Property Owner that may be affected by any actual alterations or improvement approved or otherwise. Every Property Owner or other person who submits plans to the Committee for approval agrees by submission of such plans and specification, that they will not bring any action or suit against the Committee or any member thereof nor the Royal Oaks at Fulton Beach Homeowners Association to recover damages.
- No member of the Committee shall be responsible in any way for any defects in any plans and/or specifications submitted in accordance with the rules and regulations of the Committee, nor for any structural defects in any building or structure erected according to such plans and specifications.
- Approval by the Committee or any member thereof shall not be deemed to be representation or warranty that the Property Owners plans or specifications or the actual construction of any improvements comply with applicable governmental ordinances or regulations.

RULES AND REGULATIONS  
OF  
ROYAL OAKS SUBDIVISION  
(A Texas Multi-Use Residential Subdivision)

These Rules and Regulations apply to the Lots and Common Properties of Royal Oaks Subdivision (the "Subdivision"). By owning or occupying a Lot in the Subdivision, each Owner and resident agrees to abide by these Rules and Regulations, as well as the obligations of Owners and residents provided in the Second Amended and Restated Declaration of Covenants, Conditions and Restrictions (the "Declaration") and the Second Amended and Restated Bylaws (the "Bylaws") of Royal Oaks at Fulton Beach Homeowners Association, a Texas Non-Profit Corporation (the "Association").

For the convenience of the Subdivision Owners and residents, these Rules and Regulations restate some of the covenants, conditions and restrictions contained in the Declaration. Most of these Rules and Regulations, however, are in addition to the covenants, conditions and restrictions found in the Declaration. Words and phrases defined in the Declaration shall have the same meaning when used in these Rules and Regulations. In the event of a conflict between governing documents, the hierarchy of authority shall be as follows: Declaration (highest), Bylaws, these Rules and Regulations (lowest).

A. COMPLIANCE

- A-1. Compliance. Each Owner shall comply with the provisions of these Rules and Regulations, the Declaration, the Bylaws, and the community policies promulgated by the Association to supplement these Rules and Regulations, as any of these may be revised from time to time (collectively, the "Governing Documents"). Each Owner, additionally, shall be responsible for compliance with the Governing Documents by any occupants of the Improvements on a Lot, and his or their respective families, invitees, tenants, agents, employees, or contractors. Use of the term "resident" in these Rules and Regulations shall be deemed to include and apply to the Owner and to all persons for whom the Owner is responsible. An Owner should contact the Association if he has a question about these Rules and Regulations.
- A-2. Additional Rules and Regulations. Each resident shall comply with all Rules and Regulations and signs posted from time to time on the Subdivision by the Association, including, but not limited to, those regulating the use of recreational and parking facilities. Such posted rules are incorporated in these Rules and Regulations by reference. Each resident shall comply with notices communicated by the Association from time to time in the nature of seasonal or temporary rules, and notices of a change affecting use of the Subdivision. Such temporary rules are incorporated in these Rules and Regulations by reference.
- A-3. Waiver. Certain circumstances may warrant waiver or variance of these Rules and Regulations. An Owner must make written application to the Association for such waiver or variance. If the Association deems the waiver or variance warranted, the Association may condition its approval, which must be in writing to be effective.

## B. OBLIGATIONS OF OWNERS AND RESIDENTS

- B-1. Safety. Each resident is solely responsible for his own safety and for the safety, well-being and supervision of his guests and any person in the Subdivision to whom the resident has a duty of care, control or custody.
- B-2. Damage. Each Owner is responsible for any loss or damage to his home, other homes, the personal property of other residents or their guests, and the Common Properties and improvements, if such loss or damage is caused by the Owner or by any person for whom the Owner is responsible.
- B-3. Association Does Not Insure Resident Property. Each resident is solely responsible for insuring his dwelling and his personal property in the home and in the Subdivision, including his furnishings, automobile, and items kept in storage areas, if any, provided by the Association. Property, whether real or personal, in or on the Subdivision shall be solely at the risk of the owner of such property. The Association urges Owners and residents to purchase insurance on all of their property.
- B-4. Risk Management. No Owner or resident shall permit anything to be done or kept in his home or the Common Properties which could result in the cancellation of insurance on any home or any part of the Common Properties, or which may be in violation of any law.

## C. OCCUPANCY STANDARDS

- C-1. Numbers. A home may be occupied by no more than two (2) persons per bedroom.
- C-2. Danger. The Association may prohibit occupancy by a person who constitutes a direct threat to the health or safety of other persons, or whose occupancy would result in substantial physical damage to the property of others, pursuant to the Fair Housing Act.
- C-3. Rentals. In recognition of the fact that homes in the Subdivision are intended primarily for personal use by the Owners, and not as an investment property, a home must be registered with the Association if the home will be used as a rental property. Only leases for three (3) months or more are authorized within the Subdivision. Additionally, less than the entire home and Lot may not be leased or sublet. Each lease must be in writing. Although the Association does not operate, manage, promote or offer a rental arrangement, including a rental pool, the Association may require all Owners to use the rental management services of a rental agent designated by the Association so as to maintain the efficiency, control, attractiveness and integrity of the Subdivision for the benefit of all Owners. All leases, whether by the Owners or the rental agent, shall be subject to and shall follow the reasonable guidelines of the rental agent.

#### D. GENERAL USE AND MAINTENANCE OF HOMES

- D-1. Residential Use. Each home must be used solely for residential use, and may not be used for commercial or business purposes, or as an apartment, flat, lodging house, bed and breakfast establishment, or similar use. A terrace/patio/balcony may not be enclosed or used for storage purposes. If the Association determines that a terrace/patio/balcony is unsightly, the Owner shall be given notice by the Association to correct the problem within 5 days, after which the Association may take corrective action at the Owner's expense.

- D-14. Structural Hazard or Danger. No Owner shall do any act or place any object on his or her Lot which might create a structural hazard or endanger the structure of an adjacent home.

#### E. GENERAL USE AND MAINTENANCE OF COMMON PROPERTIES

Residents shall comply with applicable laws and regulations of the United States and of the State of Texas, and with ordinances, rules and regulations of the City of Fulton, Texas. A resident who violates this provision shall hold the Association and other Owners and residents harmless from all fines, penalties, costs and prosecutions for the resident's violation or noncompliance.

#### G. ARCHITECTURAL CONTROL

- G-1. Common Properties. Without the Association's (acting through the Architectural Review Committee in most cases) prior written approval, a person may not change, remodel, decorate, destroy or improve the Common Properties, nor do anything to change the appearance of the Common Properties or the exterior of the home, including, without limitation, the entry door, balcony or patio, and landing or walkways appurtenant to the home. The foregoing is not intended to prohibit tasteful seasonal decorations on home structures during applicable holiday seasons, or temporary decorations for parties and social gatherings on home structures, which decorations shall not conflict or clash with the general upscale residential character of the Subdivision. In the event of any dispute over this matter, the decision of the Association shall be controlling.

**EXHIBIT I**

**ALTERNATIVE PAYMENT SCHEDULE POLICY**

**ROYAL OAKS AT FULTON BEACH HOMEOWNERS ASSOCIATION**

Pursuant to Texas Property Code §209.0062, the Association adopts this Policy to comply with alternative payment requirements by which a delinquent owner may make partial payments for delinquent assessments or other amounts owed to the Association without incurring additional penalties, as provided in Section 7.8 of the Second Amended and Restated Declaration of Covenants, Conditions and Restrictions for Royal Oaks at Fulton Beach Subdivision recorded in the Real Property Records of Aransas County, Texas, and as follows:

Alternative Payment Schedule. Prior to referring an Owner's account to a collection agent and/or instituting suit against the Owner for foreclosure, the Association shall provide written notice, by certified mail, return receipt requested, that (i) specifies each delinquent amount and the total amount of the payment required to make the account current, (ii) describes the options the Owner has to avoid the referral and/or suit, including payment plan options, and provides at least 30 days to cure the delinquency before further action is taken. Further in this regard, pursuant to Section 209.0062 of the Act, the Association hereby adopts reasonable guidelines to establish an alternative payment schedule by which an Owner may make partial payments for delinquent regular or special Assessments or any other amount owed without incurring additional penalties. The Association hereby adopts the following guidelines with regard to alternative payment schedules for delinquent Assessments and other amounts owed by an Owner:

(A) Term: The minimum term for a payment agreement shall be (3) three months and the maximum term shall be (18) eighteen months from the date of the Owner's request for a payment plan. Subject to such minimum and maximum terms, the Association shall determine the appropriate term of the payment plan in its sole discretion.

(B) Form: Any and all alternative payment agreements shall be in writing and signed by the Owner and a duly authorized member of the Board.

(C) Additional Monetary Expense: So long as an Owner is not in default under the terms of the payment agreement, the Owner shall not incur additional monetary expenses; however, the Owner shall be responsible for all interest accruing during the term of the payment plan as well as reasonable costs associated with administering the payment plan or interest.

(D) Application of Payments: If at the time the Association receives a payment, the Owner is not in default under an alternative payment agreement, the Association shall apply the payment to the owner's debt in the following order of priority: (a) any delinquent assessment; (b) any current assessment; (c) any reasonable attorney's fees or reasonable third party collection costs incurred by the Association associated solely with Assessments or any other charge that could provide the basis for foreclosure; (d) any reasonable attorney's fees incurred by the Association that are not subject to subsection (c); (e) any reasonable fines assessed by the Association; and (f) any other reasonable amounts owed to the Association. If, at the time the Association receives a payment from an Owner, the Owner is in default under a payment plan entered into with the Association: (a) the Association is not required to apply the

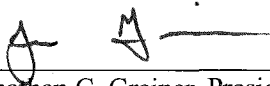

payment in the order of priority specified by this Section 7.8(D); and in applying the payment, a fine assessed by the Association may not be given priority over any other amount owed to the Association.

(E) Default: If, the Owner defaults under a payment plan agreement, the account may immediately be turned over to the Association's attorney for collection. The Association shall not be required to enter into an alternative payment agreement with an Owner who failed to honor the terms of a previous payment agreement during the two (2) years following the Owner's default under the previous alternative payment agreement. At the discretion of the Association, an Owner who failed to honor the terms of a previous payment agreement may be required to waive Expedited Foreclosure Proceedings under Section 209.0092 of the Act as a condition to an additional alternative payment agreement. If, at any time the Association receives a payment from an Owner who is in default of an alternative payment agreement, the Association is not required to apply the payment in the order of priority specified by Paragraph D, subparagraphs (a) through (f) above.

The Association may reduce or waive some or all of the charges addressed by this policy on an ad hoc basis without waiving the right to charge such fees on future requests.

This Policy may not be construed to prevent the board of directors of the Association from adopting, amending, and restating, from time to time, one or more additional administrative policies regarding alternative payments. This provision may not be construed as a duty of the board of directors to adopt such additional administrative policies.

Not later than ten (10) days before a hearing is held, the Association shall provide to an owner a packet containing all documents, photographs, and communications relating to the matter the Association intends to introduce at the hearing. If the packet is not provided, the owner is entitled to an automatic fifteen (15) day postponement of the hearing. The Board or the Owner may request a postponement, and, if requested, a postponement shall be granted for a period of not more than ten (10) days. Additional postponements may be granted by agreement of the parties. The Owner or the Association may make an audio recording of the meeting, and may use alternative dispute resolution services.

5. Attorneys' Fees. The payment of any and all legal fees and costs incurred by the Association to enforce violations or collect fines shall be the responsibility of the homeowner.

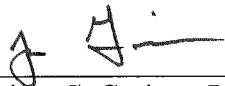

6. Variances. The Board reserves the right to levy a fine for the above-listed Schedule of Fines on a case-by-case basis.

7. Exemptions. The foregoing policies do not apply to a lawsuit seeking a temporary restraining order or temporary injunctive relief or to the collection of regularly scheduled assessments and late fees.
